Education

Bachelor of Arts: Computer Science

Hunter College of The City University of New York

Expected in May 2025

New York, NY

High School Diploma

Stuyvesant High School

Jun 2021

New York, NY

Professional Summary

Driven student leveraging studies in Computer Science seeks real-world experience as an intern. Offers strong interpersonal and task prioritization skills.

Skills

- RDMS Development and SQL
- Programming Languages: C++, C#, .Net, Python
- Scripting Languages: Python, Javascript
- Data Structures and Algorithms
- Version Control Systems: Git, Github
- Front-End Skills: HTML, CSS
- Computer skills
- Computer proficiency
- Teamwork
- Organization and Time management
- Analytical skills

Additional Information

I have experience programming in python, c++, javascript, and c#. I'm most comfortable with python, though I am competent enough in each language listed to work with complex data structures and algorithms and implement object oriented programming principles in my code. I have a strong interest in data science and machine learning. I'm comfortable with python libraries such as numpy, pandas, matplotlib, and scikit-learn. I'm currently studying TensorFlow for deep learning.
